

Dear Fifth Grade Families,

I hope today finds you and your family well.

Since we have transitioned to remote learning , Fisher has created a *Virtual Fifth Grade Parent Orientation Video*. It has all of the information that would normally be presented at our Orientation Night. I encourage you to take the time to watch it in its entirety to hear information about our schedule, courses, extracurricular activities, and how we can support your child's transition to Fisher Middle School.

Below are the links for the *Virtual Fifth Grade Parent Orientation Video*..:
