

Lore Elementary School

**Celebrates**

# **School Violence Awareness Week**

**October 18-22, 2021**

During School Violence Awareness Week, October 18-22, school districts across New Jersey specifically recognize the importance of developing and maintaining positive school climates and providing students with a safe and supportive school environment.

At Lore, we will focus on positive social behaviors and self-esteem during morning announcements and school-wide activities. We have themed dress-up days planned for the days below. Join us as we work to promote a positive environment at Lore!

**Monday - Make a New Friend Day - reach out to someone new or someone that you would like to know better!**

**Tuesday - Get in the Zone! - The best zone to be in for school is the green zone, but sometimes we are in the yellow, blue, or red zones! Can you name and practice coping skills that can help you return to the green zone at school?**

**Wednesday - Principal Shout-Outs return!**

**Thursday - Random Act of Kindness Day - see how many random acts of kindness you can rack up in one day.**

**Friday - Positivi-TEE Day! - Wear a shirt with a positive message!**
