TO: Lore School Students and Parents/Guardians  
FROM: Mrs. Kelly Kawalek, Principal   
DATE: March 1, 2024  
SUBJECT: Cell Phone Use in School and on the Bus

I hope this message finds you well. As part of an ongoing commitment to creating a focused and conducive learning environment for all students, I would like to kindly remind you of our school's expectation regarding the use of electronics during the school day, including on the bus.

It is important to emphasize that the use of electronic devices, such as cell phones, during school hours is strictly prohibited unless in the case of an emergency. This policy extends to the students' ride on the bus to and from school. There is certainly an abundance of technology in today's society, but limiting electronic usage during school hours helps promote better focus, engagement, and social interaction among students.

I kindly ask for your cooperation in reinforcing this policy with your child. Encouraging them to keep their devices stowed away during school hours will not only support their academic performance, but also foster a more disciplined approach to technology usage.

Should there be any exceptional circumstances where your child may need to use their device during school hours, I kindly request that you communicate this with the school administration in advance.

Thank you for your understanding and support in upholding our school's policies. Together, we can create a positive and enriching educational environment for all our students. If you have any questions or concerns regarding this policy, please do not hesitate to contact me.
