Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	3

Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	8

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	153	20.5%
Out-of-School Suspensions	90	12.0%

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:25 AM
Typical End Time	3:05 PM
Length of School Day	6 Hrs 40 Mins
Full Time - Instructional Time	5 Hrs 44 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	2.4:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	24.05	17.5%
Mathematics Proficiency	33.83	17.5%
English Language Arts Growth	65.40	25.0%
Mathematics Growth	75.73	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	35.07	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	50.67	n/a
Summative Rating: Percentile rank of Summative Score	50.65	n/a
Requires Comprehensive Support: Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Before and After School Programs:

Fisher Middle School has formed partnerships with various institutions of higher learning and local businesses. Each year, Fisher collaborates on a variety of levels with The College of New Jersey and Rider University. Fisher also works closely with the Credit Union of New Jersey as they sponsor 'Smart Kids Rule in Ewing' which is a program that recognizes student achievement.

Staff and Professional Learning:

Fisher Middle School engages staff members in various types of professional development throughout the year. The district offers four full days of professional development for all staff members, along with department, team, and faculty meetings with the same focus of improving teaching and learning for all students. Additionally, staff members are allowed to select their own professional development based on their own needs and interests for at least one professional day.

Student Supports and Services:

Fisher uses a Response to Intervention approach to support student learning. A co-teaching approach serves as the second tier of intervention and small group targeted instruction is a Tier III intervention. The building supports the district's inclusive philosophy practice for Special Education, English as a Second Language (ESL) and academic support services. Fisher also has a 'Failure is Not an Option' program, where identified students receive extended instruction after school.

Student Health and Wellness:

Student health and wellness is part of the culture at Fisher Middle School. For students' physical and health and wellness, we offer Physical Education daily for students, as well as a balanced breakfast and lunch program. For students' socio-emotional health, we utilize a Positive Behavior Support System and an array of counseling services. We also implement the concept of "Mindfulness" throughout our school day. The Ewing Schools have implemented many programs that promote a positive school culture and this year Fisher has its own designated Student Assistance Counselor. For the past year, the district has put in place a task force focused on the mental health and emotional health of our students.

Parent and Community Involvement:

Fisher is supported by the extremely active Fisher Parents Association. Additionally, the school and district hold informational programs for parents, such as The Role of Parenting in Reducing the Achievement Gap. Parents are encouraged to take advantage of the support systems at Fisher Middle School. This includes the agenda book to touch base with teachers, as well as the district and school web pages which provides the opportunity for parents to be informed and become involved.

Facilities:

Fisher Middle School is a two story building that features two gymnasiums, two cafeterias, a garden, and central air conditioning; as well as being Wi-Fi enabled. Additionally, Fisher Middle School has an updated auditorium that seats over three hundred people and two classrooms dedicated to Orchestra, Band and Vocal instruction.

School Safety:

The Ewing Schools have placed a priority on establishing a learning environment that is safe, secure, positive and harmonious. Two district administrators, Superintendent Michael Nitti and Supervisor David Hauserman, have completed training by the Department of Education, Homeland Security, and FEMA to become certified School Safety Specialists. The position of School Security Coordinator was first implemented by the Board in 2013. Five of these adaptive experts on school security protocol and crisis management are based in each of the district's school campuses and assist the administrative team in all matters pertaining to school security. The Ewing Schools and Ewing Township Police share a close relationship which includes cameras/surveillance systems that can be a powerful tool to provide real-time information to law enforcement, fire, and emergency medical service personnel as a crisis or emergency situation is occurring.

Other Information:

With our belief in the power of reinforcement, Fisher has Students of the Month and Academic Award assemblies supported by a school-wide Positive Behavior Support program. Each of these programs recognizes students for outstanding accomplishments in school life. Other noteworthy endeavors include our Parent Conference Program, our Summer Reading Program, and two book fairs each year. We can be proud of what we achieve at Fisher Middle School, but our achievements are not due to complacency and satisfaction with the status quo. On the contrary, the program is effective because all of the stakeholders have a common goal - to do what is best for students - and we are always looking for innovative ways to attain that goal.
