August 1st, 2017

Dear Ewing High School Community,

As you most likely know from our district correspondence, last night I was appointed as the new principal of Ewing High School by the Board of Education.

I am very happy, excited, and grateful for this opportunity to lead Ewing High School. As a longtime New Jersey educator and having served as principal of the Lore School for the past four years, I am well aware of the strong tradition of EHS in promoting student achievement in academics, the arts and athletics.

My first teaching, coaching and administrative experiences were at the high school setting so I am excited to return to the secondary level.

I wanted to personally introduce and welcome our administrative team at the high school: Ms. Karen Benton and Mr. Kip Harrison will serve as our Assistant Principals. Mr. Chris Heywood and Mr. Drew Besler will be our Deans of Students. We are all very excited about our team, the work ahead of us, and the opportunity to serve you and our students.

Thank you, and I look forward to meeting staff, students and parents at my "Meet the Principal" event on Wednesday, August 16th at 5:30PM.

Have a wonderful remainder of the summer.

Go Blue Devils!

Thank you.

Sincerely,

Edward J. Chmiel
Ewing High School Principal
