August 1, 2017

Dear Lore School Community,

As you most likely know from our district correspondence, last night I was appointed as the new principal of Ewing High School by the Board of Education.

This is a very bittersweet experience for me. Although I am very happy, excited, and grateful for the opportunity to lead Ewing High School, I truly enjoyed my time at Lore and will miss the students and school community greatly.

Many of you do not know that my first teaching and administrative experiences were at the high school level, so in a way I am returning to my roots, but I am bringing with me fond memories of my time at Lore.

I am thankful and appreciative for my four years at Lore School and having the opportunity to work with a wonderful staff and community. Rest assured that I am leaving you in good hands and at a good time. The staff at Lore is strong and very capable.

We are also fortunate to have a highly qualified, experienced principal, Mr. Chuck Welsh, joining Lore as the interim principal for the 2017-2018 school year. I am remaining in district, a mere 3.4 miles away so I will be close by to assist Mr. Welsh and provide any guidance that is needed.

I hope to see all of you at district events and look forward to reuniting with my Lore students at Ewing High School in the very near future!

Thank you.

Sincerely,

Edward J. Chmiel
Principal
