Dear Parents/Guardians of Students who Borrowed District Devices:

There have been several questions regarding the process a parent/guardian should take in the event that a district-issued iPad or Chromebook is damaged. To clarify, Fisher Middle School will repair or replace damaged equipment due to normal usage. Repair costs associated with breakage and damages deemed as willful abuse, theft or neglect will be the responsibility of the student/parent/guardian and could be subject to the full device cost.

You have the option to purchase device insurance to cover the cost of repair/replacement in the event of damage related to device neglect or abuse. The cost to purchase the insurance is \$15. One2One Risk Solutions is the leader in education risk management, serving over 3,500 public school districts throughout the country.
