Nicholas Vellenga, a 2019-2020 recipient of the Wayne Staub Presidential Scholarship for EPEF, states, "Despite the difficulties of 2020, I managed to secure an A in each of my college classes, leaving me with a 4.0 GPA to start off my college career. I just wanted to give my thanks once again to EPEF, as it's because of your support that I was able to reach such a result at Georgia Tech. I hope to continue in this same direction as the next semester begins and to make the most of the opportunity I've been given." We are so proud to be a small part of Nicholas' success. We hope you will be our next scholarship winner.
