November 18, 2020

To all EHS students,

Due to our current situation, all EHS students are being given Genesis Student Access accounts. ***You are expected to log into Genesis Student Access frequently to monitor your academic progress and to respond to any forms or documents that may be published to you.***

Student Access provides the following information to you:

- Student Schedules- Including which days are in-school and which days are virtual
- Daily and Classroom Attendance- It is extremely important to be in class and participating with your cameras on
- Gradebook and Assignments-To check grades and assignments
- Report cards and marking period grades
- Documents, Forms, Bus information, Conduct incidents, etc...

You can access the Genesis Student Access at **parents.ewingboe.org**. Procedures for using Student Access are available at <https://www.ewing.k12.nj.us/Page/1619>, along with the user manual.

Your username will be your student ID ID@ewingboe.org

Example: 12345678@ewingboe.org . Your password is the same password you use for all of your EHS applications. At this time, this is not a "real" email, so you will not be able to use this except to get into Student Access, and possibly other Ewing applications.

If you have any questions, please contact the school office at 609-538-9800 ext. 2100.

Sincerely,

Edward Chmiel
Principal
