Immediate Release

ASSYST Program and Preferred Care Welcome the New Year with Kindness and Compassion

On Saturday December 28th, 2019 staff and students of Mercer Council's ASYSST Program spent an afternoon with the residents of Preferred Care at Mercer, rehabilitation and nursing center, bringing 2019 to a close by coloring in seasonal pictures and making holiday cards together. Students, family, staff and residents shared stories, enjoyed the company of each other and exchanged warm holiday wishes. It was truly wonderful seeing the residents express their creative sides and relax in the holiday spirit!

This experience was an incredible way for ASYSST to elevate our community with kindness by honoring our elders. With this ongoing spirit of connection and compassion, we hope everyone has a Happy New Year!
