EHS Bowler Rolls Perfect Game!

In the pantheon of athletic accomplishments, there are things like a no-hitter in baseball and a perfect 10 in gymnastics, but in bowling the dream achievement for anyone who has stepped up to the lanes is crystal clear-roll a 300...a perfect game!

It's very hard, and extremely rare, but a Ewing High School student-athlete actually accomplished this during a scholastic athletic competition. Senior Malcolm Richards knocked down every pin in front of him as the Blue Devils defeated Bordentown at Slocum's Bowling Center.

"It was very exciting to watch," EHS Head Bowling Coach Dave Angebranntd stated. "By the latter stages of his game, everyone knew something special was happening, and we all gathered around him excitedly. When Malcolm got that last strike, he was mobbed by his teammates."

The Blue Devils Bowling team, always one of the top programs in the state, is off to another strong start this season, and with bowlers like Richards, it's certainly no surprise.

"It's hard enough to bowl a 300 on a leisurely Sunday afternoon at the lanes," Angebranntd observed. "But to do it in an actual competition is very hard, and quite impressive. We are all proud of Malcolm."
